

BREWSTER IS MAD

Attorney General Reads the Riot Act to Atchison.

Will Not Stand for Re-Election of Mayor Finney.

VIOLATION OF AGREEMENT

In Accepting the Nomination From the Democrats.

Is Ready to Renew Prosecution on Short Notice.

Atchison is about to receive another attack from the long distance siege guns of the attorney general's office. It is all because Atchison Democrats have nominated former Mayor Finney for another term. Recently Finney resigned as mayor of Atchison when suits were filed by S. M. Brewster, attorney general.

Efforts of Atchison voters today to appease the wrath of the attorney general failed completely. Brewster not only failed to recede from his former position, but he threatened another attack on Atchison officials if Finney stays in the mayoralty race and wins the election. Several Atchison people sought a reconciliation with the attorney general over the long distance telephone. But they were told to withdraw Finney from the race or prepare for a new war.

In outer suits against Mayor Finney and the Atchison chief of police, Brewster recently charged that the prohibitory liquor law was violated with the official's knowledge and consent. Following the filing of the suits, Finney resigned under an agreement that he would not be a candidate in the present election. Thursday night Atchison Democrats held a convention, nominated Finney and the former mayor accepted the nomination. Now Atchison is really excited. Finney's friends want him to stay in the race. Law enforcement advocates want the former mayor banished or sent to jail or prosecuted.

Will Renew the War.

"If Finney stays in the race and wins, I will move to renew the war the first day he goes into office," said Brewster. "That isn't all. I think I shall go after the entire police department of the city. I shall also ask for a receiver for the Atchison lodge. If Finney wants to break his agreement with me, all right. But he wants to get ready for trouble the minute he does it. They can't put such a proposition over on me and there will be a lot of trouble if they try."

Statements from Atchison today indicated Finney might tonight withdraw from the race and change his mind about accepting the nomination for mayor. Another report is to the effect that he intends merely to withdraw on the eve of the election in favor of an opposition candidate who is credited as friendly to the Finney following.

"I don't want any one to try sharp practices or smooth politics in this matter," Brewster declared. "I propose to watch the election in Atchison and if the town elects a mayor who seeks to carry out the Finney policies, he will get the same medicine we gave Finney."

FAILS TO SAVE ITS LIFE

Pulmotor Brought Into Use in Case of Sick Child.

In an earnest endeavor to save the life of the little two-year-old child of J. M. Galloway at Seabrook early this morning the pulmotor, used by the city fire department, was rushed to the bedside of the dying child.

For two weeks the little one has been battling with pneumonia and at an early hour a turn for the worse was noted and a call was made on the department for the use of the pulmotor, which was promptly complied with. For a few hours it appeared the oxygen, which the pulmotor contained, would be effective and save the life of the child but it passed away at seven o'clock this morning, three hours after the application.

**Such Attractive Garments for the Kiddies**

A department that interests mothers the year around is the Infants' Department with its delightfully pretty things that look so dainty and cute on the kiddies. This store has always made a feature of this department, selecting coats, sweaters, dresses and hats with the greatest care, buying only those things that are distinctive and will be most becoming.

Mothers should visit this section at the present time when lovely new things are to be seen everywhere.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All drug stores.

EXPLORER IS BACK

In South Antarctic Regions Year and a Half.

Reaches Sydney After Ice-Bound All Winter.

Sydney, N. S. W., March 24.—Lieut. Sir Ernest H. Shackleton has returned from his antarctic expedition. News of the achievements of the expedition is withheld for the present.

The adventure of Lieut. Sir Ernest Shackleton, heading the British trans-antarctic expedition had a three fold purpose:

To navigate the Antarctic ocean on a meridian.

To conduct scientific work relating among other phases to meteorology.

IF BACK HURTS TAKESALTS TO FLUSH KIDNEYS

Says Backache is sure sign you have been eating too much meat.

Uric Acid in meat clogs kidneys and irritates the bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the juice of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acid in the blood and no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

geography, geology and geodetic survey.

The expedition was financed for the most part by large gifts from persons interested in polar exploration. Funds amounting to more than \$200,000 were raised, including \$50,000 from the British government.

In Two Sections.

The expedition left England in two sections about six weeks after the European war began, but it was not until early in January, 1915, after delay due to unfavorable ice conditions that the party headed by Sir Ernest himself, set off on a 1,500 mile voyage from South Georgia, an uninhabited island in the south Atlantic ocean, about 800 miles due east of Cape Horn, for Ross sea, on the other side of the South Pole.

From Tasmania, on the New Zealand side of the Antarctic, the second section meanwhile had sailed also for the Ross sea, there to meet Sir Ernest's expedition with supplies necessary for both sections to return to New Zealand.

Nearly a Year Late.

Sir Ernest hoped originally to come out of the antarctic by April, 1915, but conditions far from propitious made necessary a change of plan. The section which started from Tasmania was obliged to spend the winter of 1915-16 at the Ross sea to await Sir Ernest's arrival which had been expected some time this month.

Sir Ernest sailed in the Endurance, a three-master, with auxiliary engines which gave her a ten knot speed. This vessel of 250 tons was built with "wooden walls" two feet thick of almost solid oak. Oak and paint pitch pine were the only woods used. Her accommodations were for 32 persons and the party which sailed included fifteen officers and scientists. The Ross sea party sailed on the Aeneas Mackintosh, a N. E. who was in charge also of the chronometers and meteorological instruments.

Beaumont, Texas, March 24.—No report had been received at Checotah today from pursuers of Paul V. Hadley and his bride, charged with shooting Sheriff Giles, of Beaumont, Texas, aboard the Katy limited, which left Kansas City yesterday. Three posses are searching for the couple.

Beaumont, Texas, March 24.—Sheriff Jake Giles left here recently for Oklahoma to apprehend Paul V. Hadley, who is charged with assault to murder, theft and two cases of theft by conversion. Hadley was in the automobile business here until a few months ago.
